University of Michigan

The primary goal of the Psychosomatic Medicine Interest Group (PMIG) is to provide a lecture series on the psychosomatic medicine area for medical students at the University of Michigan. Currently, over 40 students attend these lunch lectures. The lectures include 12 CME credits (PHS000, Psychosomatic Medicine), 18 CME credits (PHS000, Psychosomatic Medicine), and 24 CME credits (PHS000, Psychosomatic Medicine). The course is available at the University of Michigan website.

Summary of Project

- Descriptions of invited participants in PMIG meetings, University of Michigan.
- University of Michigan: 2005-2008. Faculty Leader: Michelle Hildebrandt, M.D.
- University of Michigan: 2009-2010. Faculty Leader: Michele Hildebrandt, M.D.
- Four faculty members or clinicians who are working at the University of Michigan.
- The course was free for medical students.
- The course was free for medical students.

Authors

- A. Transplant coordinators: Howard C., M.D., Joshua B., M.D.
- Faculty advisor: Michelle Hildebrandt, M.D., David Knepper, M.D.

Activities

- A. Meal Link
- Psychosomatic Medicine Seminar: To increase the profile of psychosomatic medicine at the University of Michigan, we have created an innovative expanded curriculum (EMC) program. Each month, we have a clinical psychology question with a psychosomatic medicine focus and it is discussed. Residents are invited to attend this seminar and learn about the latest research in the field.
