We have held regular meetings during which students were invited to participate in psychosomatic research. This has led to the application of a MD/PhD project for the following students, which are likely to be granted

Eva Kingma

Petra Hoen

Marno Middelbos

Moreover, these students have presented their (preliminary) work at the European Association for Consultation-Liaison Psychiatry and Psychosomatics in Zaragoza June 2008. The abstracts are published in J Psychosom Res.

6) Specify how much of your allotted \$1000 you have spent, and on what (roughly):

The 1000\$ has been spent on lunches provided by the university catering service

(We will send you your second \$500 as soon as you notify us that you have spent your first \$500, or close to it)

Any problems or suggestions we should know about:

It was a pleasure to make these students enthusiastic for research in psychosomatic medicine and we are happy that 3 of them have actually chosen a research position. I am sure we will hear more from them in the coming years.

Sincerely,
Peter de Jonge
Judith Rosmalen
