

**American Psychosomatic Society 64th Annual Meeting
Denver, Colorado – March 1-4, 2006
Preliminary Schedule-at-a-Glance**

Wednesday, March 1

- 8:00 – 5:00 **Neuroscience Pre-Conference Workshop: Neuroscientific methods and their application to research in psychosomatic medicine**
Chair, Richard Lane; Presenters: Ralph Adolphs, Hugo Critchley, Wayne Drevets
- 2:00 - 5:00 **Career Development Workshop**
Chair, Tené T. Lewis; Presenters: Alan Christensen, Susan Everson-Rose, William Gerin, Jane Leserman, Gregory Miller, and Paul Mills
- Advanced Statistics Workshop**
Joseph E. Schwartz
- Best Practices Workshop**
Chair: Gail Ironson; Presenters: Ken Freedland, Judy Skala, Karen Weihs, and Lorenzo Cohen
- 5:30 - 6:15 **Welcome and Announcements**
Tica Hall
- Data Blitz**
Susan Lutgendorf
- Scholar & International Travel Assistance Awards**
Mark Lumley, Paul Mills, and Michael Irwin
- 6:15 – 7:15 **Cocktail Reception and Citation Poster Session**
- 7:15 – 8:15 **Just Desserts Fundraising Event (By invitation)**

Thursday, March 2

7:00 – 8:00 **Breakfast Roundtable:** Who is missing? Preparing for the occurrence of missing data in research
Maria Magdalena Llabre

8:15 – 9:00 President's Award Lecture
Hugo D. Critchley (introduced by Richard Lane)

9:00 - 9:45 **Herbert Weiner Early Career Award: "The Heart and Soul Study"**
Mary A. Whooley, MD (introduced by Bob Carney)

9:45 - 10:00 Break

10:00 – 11:30 3 Concurrent Sessions

Symposium: Mindfulness-Based Interventions In Psychosomatic Medicine: A Generic Approach to Help Patients Cope with Chronic Disorder?

Symposium: Psychobiology of Social Relationships, Stress Protection and Disease Processes: Role of Oxytocin

Symposium: Salivary Alpha Amylase: Novel Biomarker of Stress or a Marker in Search of Meaning?

11:30 - 12:45 Lunch on your own / Roundtable Lunches

Roundtable 1: Mindfulness-Based Interventions In Psychosomatic Medicine
Paul Grossman

Roundtable 2: Psychobiology of Social Relationships, Stress Protection and Disease Processes: Role of Oxytocin
Neil Schneiderman

Roundtable 3: Salivary Alpha Amylase: Novel Biomarker of Stress or a Marker in Search of Meaning?
Laura Stroud

Roundtable 4: Building a Career in Behavioral/Psychosomatic Medicine from an MD's perspective
Redford Williams, David Kupfer, and Michael Irwin

Psychosomatic Medicine Editorial Board Meeting

- 12:45 - 2:45 3 Concurrent Sessions
- Invited Symposium:** "The Role of the Brain in Mediating the Established Link Between Depression and Cardiovascular Mortality"
Chair: Richard Lane; Presenters: Hugo Critchley, Wayne Drevets, Nancy Frasure-Smith, John Gottdiener; Discussant: David Kupfer
- Symposium:** It's Not The Genes or The Environment, Stupid; It's The Genes and the Environment, Stupid: Gene By Environment Interactions, Psychosocial Risk Factors and Biobehavioral Mechanisms
- Oral Session:** Cancer & HIV: Biological, Psychological and Social Correlates
- 2:45 – 3:00 Break
- 3:00 – 4:00 3 Concurrent Sessions
- Symposium:** Recent Clinical Trials for Depression in Patients with Coronary Heart Disease
- Symposium:** Breathing Training as a Psychobiological Intervention for Anxiety Disorder and Organic Disease
- Oral Session:** Dynamic Measurement of Stress
- 4:00 - 4:15 Break
- 4:15 - 5:15 3 Concurrent Sessions
- Symposium:** Racism: Risk Factors, Psychosocial Mechanisms, and Cardiovascular Correlates
- Symposium:** The Use of Non-Invasive Electrogastrography (Egg) in Studies of Brain-Gut Interactions: Physiological Basis, Psychophysiological Relationships, and Clinical Applications
- Symposium:** Immune-To-Brain Communication: The Influence of Cytokines on Brain Activity and Cognitive Function
- 5:15 – 6:30 **Poster Session I**
- 6:30 - 7:30 **Mentor / Mentee Reception**
(followed by an organized dinner for students at local restaurant)
- 7:30 **Past Leaders Dinner Meeting** (By invitation)

Friday, March 3

- 7:00 – 8:00 **Breakfast Roundtable:** Statistical Guidelines for Psychosomatic Medicine
Michael A. Babyak and Kenneth E. Freedland
- 8:00 – 8:50 **President’s Address**
Richard D. Lane, President, APS (introduced by Peter Shapiro, President-Elect, APS)
- 9:00 - 11:00 **Brain, Mind, Body and Soul: At the Frontiers of Psychosomatic Medicine**
Stuart Derbyshire, David Kupfer, Phil McCabe, and Lynda Powell
- 11:00 - 11:15 Break
- 11:15 - 12:15 **Functional Neuroanatomy and Psychophysiology of Emotion Regulation**
James Gross (introduced by Richard Lane)
- 12:15 - 1:30 Lunch on your own / Roundtable Lunches
- Roundtable 5:** Psychosocial factors and diet: mechanisms and outcomes
Lana Watkins, Anastasia Georgiade and Sheila West
- Roundtable 6:** Integrative Medicine Research: Challenges and Opportunities
Susan Lutgendorf, Lorenzo Cohen, and Margaret Chesney
- Roundtable 7:** Mobilizing to Address Biopsychosocial Consequences of Disaster and
Terrorism
Steven Locke, Cheryl Koopman and Joan Broderick
- Roundtable 8: How to optimize collaboration in neuroscientific research**
Mary-Frances O'Connor, Richard Lane, Pete Gianaros and Scott Matthews
- Roundtable 9: Updates from the Psychosomatic Medicine Interest Groups: How
We Feed the Fire**
Lawson Wulsin
- 1:30 - 3:30 3 Concurrent Sessions
- Invited Symposium:** Brain mechanisms of pain from a psychosomatic medicine
perspective - Chair/Discussant: Frank Keefe; Presenters: Stuart Derbyshire, Jon-Kar
Zubieta, Fabrizio Benedetti
- Symposium:** Sleep in Psychosomatic Research: Risk factors, consequences to health,
and behavioral interventions.
- Oral Session:** Clinical CVD: Biological, Psychological and Social Correlates

- 3:30 - 3:45 Break
- 3:45 - 5:15 3 Concurrent Sessions
- Symposium:** The Psychoneuroimmunology of Pregnancy: Psychosocial, Neuroendocrine, and Immune Influences on Pregnancy Outcome and Early Development
- Symposium:** John Henryism and Health Outcomes Among African-Americans: A Reconceptualization
- Oral Session:** CVD: Risk Factors
- 5:15 – 6:30 **Poster Session II**
- 6:00 – 9:00 Council Dinner Meeting

Saturday, March 4

- 7:30 - 9:00 **2007 Program Committee Breakfast Meeting**
- 9:00 – 9:45 **Business Meeting**
- 9:45 – 10:00 Break
- 10:00 - 10:50 **Patricia R. Barchas Award Lecture**
Sheldon Cohen (introduced by Jack Barchas)
- 11:00 – 11:50 **Alvin P. Shapiro Award Lecture**
C. Noel Bairey Merz (introduced by Karen Matthews)
- 12:00 - 1:15 Lunch on your own / Roundtable Lunches
- Roundtable 10:** Early Career Award Mechanisms
Facilitators: Donna Mayo, Paige McDonald, Jill Cyranowski, Tene Lewis
- Roundtable 11:** IOM's Medical Education Agenda: challenging the hegemony of the biomedical model in undergraduate medical education
Herb Ochitill and Steve Locke
- Roundtable 12:** The use of hypnosis in medical research
Jeanne Hernandez
- Roundtable 13:** Can Depression Treatment Improve Co-existing Medical Illnesses?
Elizabeth H. B. Lin

- 1:15 - 3:15 3 Concurrent Sessions
- Oral Session:** Depression and Disease
- Symposium:** Neuroimaging of Autonomic-Cardiac Reactivity in Health and Disease
- Symposium (one hour):** Finding Benefits in Adversity: Psychological and Physiological Processes
- Symposium (one hour):** Theory to Practice in Expressive Writing Interventions: Effects of Experimental Context and Participant Attributes
- 3:15 - 3:30 Break
- 3:30 - 5:00 3 Concurrent Sessions
- Symposium:** Prolonged stress-related activation and health
- Oral Session:** Biological and Genetic Pathways in Disease
- Oral Session:** Biological, Social and Psychological Correlates of Disease Outcomes in Infancy Through Adolescence
- 5:00 - 6:15 **Poster Session III**
- 7:00 – 12 **Dinner and Entertainment**
