2nd Psychosomatics Conference
Healing Unexplainable Pain

Translating developmental neuroscience into multimodal treatments for chronic pain
Saturday & Sunday, January 9th & 10th, 2016
New York State Psychiatric Institute at Columbia University Medical Center
1051 Riverside Drive, Hellman Auditorium, 1st floor, New York, NY 10032

CME INFORMATION

The Bureau of Psychiatric Services & Research Institute Support (BPSRIS) designates this continuing medical education for physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

IN THE PROGRAM

Course Co-Directors: Alla Landa, PhD, Harald Gündel, MD, Brian A. Fallon, MD and Philip R. Muskin, MD

Multimodal Treatment for Multimodal Problem: Clinical implications of translational research on chronic pain
Alla Landa, PhD
Columbia University & NYSPI, New York, NY, USA

Developmental Origins of Multimodal Treatment
Myron A. Hofer, MD
Columbia University & NYSPI, New York, NY, USA

Early Life Social Environments: Implications for pain sensitivity
Frances A. Champagne, PhD
Columbia University, New York, NY, USA

In- and Out-patient Multimodal Psychosomatic Treatment Programs for Chronic Pain in Germany
Harald Gündel, MD
University of Ulm, Germany

Psychodynamic-interpersonal Therapy for Somatic Symptom Disorders and Chronic Pain
Peter Henningssen, MD
University Hospital, Technical University of Munich, Germany

The Embodied Experience: Dance/movement psychotherapy for chronic pain; & Working with Chronic Pain in Dance/Movement Psychotherapy: An experiential workshop
Susi Tortora, EdD, BC-DMT, CMA, LCAT, LMHC
Private Practice & Memorial Sloan Kettering Cancer Center, New York, NY, USA

Breath-Activated Intereception: The royal route to pain relief; & Experiential Workshop: Simple breath and movement practices for rapid pain relief
Richard P. Brown, MD
Columbia University College of Medicine, New York, NY, USA; & New York Medical College, New York, NY, USA

Working with Embodied Emotion in Art Psychotherapy for Patients with Somatoform Pain; & Art Psychotherapy for Patients with Somatoform Pain: An experiential workshop
Alexandra Danner-Weinberger
University of Ulm, Germany

Music Psychotherapy: Experimental workshop demonstrating Analytical Music Therapy interventions for chronic pain and emotional distress
Benedikte B. Scheiby, MA, MMed, DMT, CMT, LCAT, MBSR
New York University, New York, NY

Embodied Listening: An experiential workshop
Sue Shapiro, PhD
NYU Postdoctoral Program in Psychotherapy and Psychoanalysis, New York, NY, USA

Panel Discussion with All the Speakers, moderated by Philip R. Muskin, MD
Columbia University & NYSPI, New York, NY, USA

Central Sensitization Syndrome & Chronic Pain
Daniel J. Clauw, MD
University of Michigan, Ann Arbor, MI, USA

Integrating Pharmacotherapy in Multimodal Treatments for Somatoform Pain
Brian A. Fallon, MD, MPH, MED
Columbia University & NYSPI, New York, NY, USA

The Neurologist’s Role: Making the diagnosis and engaging the patient in a multidisciplinary treatment
Stanley Fahn, MD
Columbia University, New York, NY, USA

Discussion Group Moderator
Peter A. Shapiro, MD
Columbia University, New York, NY, USA

Cross-Species Affective Neuroscience: From preclinical modeling to a foundation for music psychotherapy interventions
Jaak Panksepp, PhD
Washington State University, Pullman, WA, USA

SPECIAL PRESENTATION
Recognizing Role of Emotion in Rehabilitation & Pain Medicine: Honoring work of John E. Sarno, MD
by Alla Landa, PhD and colleagues
